

Summer Camp 2019

Week 1	Monday Arts & Crafts	Tuesday Science	Wednesday Sensory Play	Thursday Stories & Dramatic Play	Friday Baking & Cooking
Colours	Moon & Sun <i>The children will learn about facial expressions and warm and cool colours. Using their fingers and fine motor skills, the students will explore warm and cool colours. What kind of colours should we use for the sun? What about the moon?</i>	Walking Rainbow and Colour Mixing <i>The children will learn about mixing colours and how two primary colours will make one secondary colour. Through two science experiments the students will explore colour mixing first hand.</i>	Unicorn Kinetic Sand & Pasta Sensory Bin <i>Students will get the chance to explore in our rainbow pasta sensory bin during work time today. The students will help the teachers make the pasta by watching the noodles come to life. The students will also make their own Unicorn Kinetic Sand to take home!</i>	My Very Own Colour Book! <i>The students will create their own colour books to bring home! Given colourful stickers and manipulatives, the students will sort and glue them on the right page.</i>	Fruit Skewers <i>Children will help their teachers create beautiful and colourful fruit skewers for snack. We will explore different patterns and textures through this activity!</i>
		 	 		

Week 2

Dinosaurs

Monday Arts & Crafts

Dino Flap Book

Children will make their own Dino flap book. Students will use their fine motor skills to piece together this craft.

Tuesday Science

Baking Soda Dinosaurs!

The students will help make their very own dinosaur eggs using baking soda, water and food colouring. The students will use their fine motor skills to break open the egg using various tools and find their dinosaurs inside. What happens when we pray the egg with vinegar?

Wednesday Sensory Play

Dinosaurs Take Baths Too!

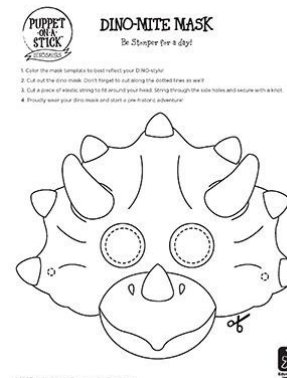

The children will explore the sensory bin during work period. The bin will have "dirty" dinosaurs and the students will give them a bath using tools like toothbrushes and sponges.

Thursday Stories & Dramatic Play

Dino Mite Masks

Children will decorate their own Dinosaur masks and will be encouraged to take on the role of a dinosaur. What do we eat? How do we walk?

Friday Baking & Cooking

Fossil Cookies

Students will help make their own dinosaur fossil sugar cookies. We will bake them and enjoy this tasty treat for snack.

Week 3

Monday
Arts & Crafts

Buttered Popcorn Craft

The children will be making Popcorn by glueing cotton balls and practicing our pincer skills by dropping yellow food colouring on top.

Tuesday
Science

Carnival Day

We will be having an outdoor play day with carnival games! The children will assist with constructing the games, and see how each game is important for their gross motor skills!

Wednesday
Sensory Play

Giant Water Beads

The children will be encouraged to explore the giant water beads in the sensory bin. While this game has sensory attributes, it also shows cause and effect.

Thursday
Stories & Dramatic Play

Face Painting

We will be doing face painting for the children today! Pick your favourite carnival face and play.

Friday
Baking & Cooking

Healthy Berry Gelato

The students will help the teachers make this 5 ingredient Gelato, we will enjoy this for snack.

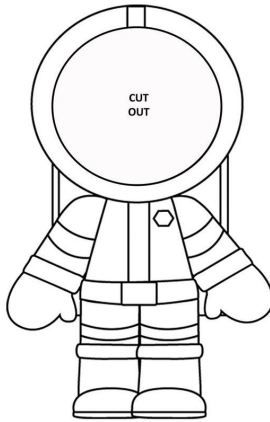

Carnival

Week 4

Monday
Arts & Crafts

ASTRONAUT MASKS

Students will have their picture taken to become an astronaut. They will colour and decorate their characters.

www.crafting.org

Tuesday
Science

NEBULA JARS

The children help make their very own nebula jars. The children will learn all about the galaxy and will make their own galaxy with the use of glue, glitter, cotton balls and water.

Wednesday
Sensory Play

GALAXY SLIME

The students will explore the changes in states of matter by making their own galaxy slime to take home.

Thursday
Stories &
Dramatic Play

ALIEN MASKS & DRAMATIC PLAY

The students make their own alien masks and will be encouraged to play in space.

Friday
Baking & Cooking

WHAT ON EARTH?

The students will help bake earth cookies. WE have so much to explore! What is the blue for? And the green?

space

<h1>Week 5</h1>	Monday <i>Arts & Crafts</i>	Tuesday <i>Science</i>	Wednesday <i>Sensory Play</i>	Thursday <i>Stories & Dramatic Play</i>	Friday <i>Baking & Cooking</i>
<h2>Little Einsteins</h2>	<p>Watercolour and Salt Art</p> <p>Students will make beautiful art while doing a science experiment of mixing salt and watercolours.</p> 	<p>Lava Lamps</p> <p><i>The students will make their own lava lamps that they can play with when they need a mental break. This is also a cool science experiments exploring reactions.</i></p> 	<p>Multi Sensory Activity</p> <p><i>The students participate in a science experiment that has multiple sensory factors. Watch what happens when you mix vinegar and jello.</i></p> 	<p>Hands- on Science</p> <p>Students will make butter to bring home. This is a great and simple activity that the students can enjoy taking part in!</p>  <p>Hands-On Science: <i>Making Butter</i> </p> 	<p>Dancing Worms</p> <p><i>We will mix worms in Sprite and watch what happens to them.</i></p> 

Week 6

Monday
Arts & Crafts

Tuesday
Science

Wednesday
Sensory Play

Thursday
Stories &
Dramatic Play

Friday
Baking & Cooking

Jellyfish Suncatcher

The children will make their own jellyfish suncatcher by exploring different colors and learning about tentacles..

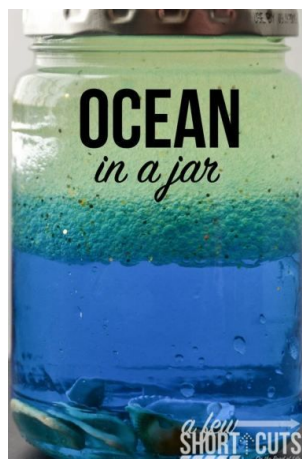

Salt Volcano

Students will learn about what happens when water and oil mix. What happens when we add salt? Prepare to be dazzled!

Ocean In a jar

Students will make these simple ocean jars. Hold them to the light, do you see different colours?

Fork Puffer Fish

The children will use forks to create a beautiful puffer fish.

Jello aquarium

The children will help make jello cups which will be the aquarium for some fish gummies. They will enjoy the jello aquariums for snack!

**Under the
Sea**

Week 7	Monday Arts & Crafts	Tuesday Science	Wednesday Sensory Play	Thursday Stories & Dramatic Play	Friday Baking & Cooking
<p><i>Camping</i></p>	<p>Campfire and Camp Songs!</p> <p>The children will use their hands to make their own campfires while exploring warm colours.</p> 	<p>Smores Science</p> <p>The students will help make our solar oven. The oven will sit outside to heat up our home made smores! YUM!</p> 	<p>Nature Masterpiece</p> <p>The children will make paint brushes made of leaves and will use them to make beautiful, colorful paintings!</p> 	<p>Explorers!</p> <p>The students will make toilet paper binoculars. We will go on a nature walk and use magnifying glasses to examine what we find!</p> 	<p>Snack at Camp!</p> <p>The students will help create our fire that we will sit around for morning and afternoon snack! The students will be able to "roast" marshmallows over the campfire! What is your favourite camping song?</p> 

Week 8

Monday Arts & Crafts

All About Me!

The students will answer questions and will get to take home their questionnaires!

Tuesday Science

Lemon volcanoes!

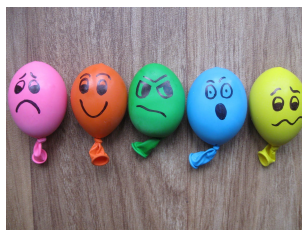

The students will participate in this sour science experiment! Using food colouring, baking soda, vinegar and lemons we will watch chemistry in action

Wednesday Sensory Play

Stress Balls

Students will be making stress balls with balloons and playdough. Students will learn that they can use this ball to calm down.

Thursday Stories & Dramatic Play

Sun Name Craft

The students will practice writing their name by making a sun that spells their first name. Are you ready for next school year?

Friday Baking & Cooking

waffles!

The students will help make and eat morning snack together as we prepare for the end of summer camp!
